## PROFILE

Currently a Computer programming student at Seneca college. Trying to learn all to broaden my knowledge on the subject. Have done a few side projects with different programming languages. Although I have no programming job experience I have a lot of work experience and I think this qualifies my to work on a team environment.

## SKILLS

- Web Design
- Design Thinking
- Analytical and Logical Thinking
- Front End and Back End Coding
- Problem-Solving
- Computer Literacy
- Project Management Tools
- Strong Communication

## PREVIOUS WORK EXPERIENCE

### SHIPPING SUPERVISOR

Nella Cutlery

August 2021-March 2022

- Managed a team of expert knife smiths to create top of the line hand crafted Knives.
- Managed Delivery schedules on a weekly basis reducing loss and returns to make on time deliveries.
- Planned and talked with the drivers to plan their routes daily.

### BAKER

Sweets from the Earth

October 2020 - July 2021

- Able to Bake a variety of different pastries accordingly.
- Altered ingredients and processes to improve the products taste.
- Well accustomed to team environments that required strong communication.

### BAKER

FGF foods

March 2019 - Feb 2020

- Honed my craft at creating more diverse recipes for a wide array of pastry products.
- Handled a large team of people for a large pastry supply company able to create 500,000 products overnight.
